

STATE TO HAVE EXHIBIT OF VALUE TO FARMERS

Will Demonstrate Necessity of Securing Pure Seed of Germinating Quality.

SHOW HOG CHOLERA—SERUM
Use of Various Kinds of Commercial Fertilizers and Lime to Be Demonstrated—Special Department for Dairying and Dairy Products.

The educational exhibits of the State Department of Agriculture will have been installed at the State Fair Grounds before the end of this week. Commissioner of Agriculture George W. Kolner and practically his entire staff are busily engaged in arranging and installing the department's display.

The divisions of the educational exhibit are: (A) botanical, including seed exhibits; (B) fertilizers, lime and lime; (C) hog cholera serum demonstrations; (D) chestnut blight treatment; (E) dairy products and dairying. In charge of the general exhibit is Director of Institutes John J. Owen. Dr. E. W. Macrauder, botanist, is in charge of the seed exhibit, assisted by T. French, L. E. Berry, who has been assigned to the hog cholera demonstration division.

PURE SEED EXHIBIT
AND WEED ERADICATION
The greater part of the exhibit from the botanical division will be devoted to a demonstration of the work connected with the enforcement of the Virginia agricultural seed law, but attention and space will also be given to troublesome weeds and methods of eradicating them, to diseases of plants and their control, to injurious insects and to chemicals used in the preparation of spray materials for the control of various farm pests.

Special effort will be made to emphasize and demonstrate practical questions and problems connected with this work, and also to make the exhibit of particular value to those interested in the educational or from a technical standpoint.

There is a fine exhibit of the seeds of agricultural plants, foreign seeds and other impurities found with them, and notations of the seeds. The exhibit is especially prepared and arranged to demonstrate the importance of the Virginia seed law, and also to point out the value in dollars and cents of growing high-grade or standard seeds in preference to the lower and cheaper grades—in other words, seeds that are comparatively free from the seeds of noxious weeds, from dirt or other foreign material, and high in germination.

SEVERAL CHARTS TO SHOW IMPURITIES
A collection of the seeds of weeds that are especially troublesome in farm crops, as well as others, will be open for inspection. Special charts showing the amounts of weed seeds, dirt, chaff, pure seed and other impurities, separated from samples by regular tests, have been prepared, and should prove of special interest.

It appears that many farmers do not know of the existence of the Virginia seed law. Others know of it in a general way only, and have but a vague notion of how they can take advantage of it. The department feels that just a few minutes spent in looking over this exhibit cannot but prove highly profitable for those interested in pure seeds. The more important requirements of the seed law, which point out how farmers may protect themselves against adulterated seeds, seeds low in germination, or seeds containing noxious weed seeds, have been stated briefly and published in bulletin form. These will be distributed at the exhibit to all who ask for them. Replies to queries of the department will be in charge of the exhibit, and will gladly answer inquiries, so far as they are able.

Some of the common plants and noxious weeds will be exhibited, so that one may become familiar with their appearance and nature and learn the best methods of eradicating them. The exhibit of chemicals used for killing weeds and insects and for controlling plant diseases is also a very interesting one. Chemicals employed in the preparation of spray materials, and used for killing weeds for combating insects and for controlling diseases of plants will be exhibited. Directions for their use will be given on labels attached to each container and explained in detail by those in charge. Bulletins containing the formulas for making these spray materials will be distributed upon request.

The amount of fertilizer used in the State is enormous, amounting in 1913 to 45,000 tons, and is increasing every year, while the amount of limestone and its products is increasing at an enormous rate. Probably \$12,000,000 was expended for both products last year.

The farmers should certainly be well acquainted with the products that cost them so much and which they use to such a large extent, and in order to furnish this information the department of Agriculture will have an exhibit of fertilizer materials and limestone products at its booth at the State Fair. Under the supervision of its division of chemistry, with one of its chemists always on hand to explain it. All of the principal materials used in making fertilizer will be exhibited, showing the sources of the various elements, nitrogen and potash, and various limestone and marls. Mixed fertilizers will be exhibited and it will be shown how fertilizers of different composition can be made from the same materials. It will also be shown that the color and odor of a fertilizer have absolutely nothing to do with the crop production value of that fertilizer. The difference between limestone, oyster shells, marl, burnt lime, slaked lime, hydrated lime, etc., will be shown and explained.

Peas, beans and other leguminous plants will be exhibited with the nodules on their roots, by means of which these plants get the nitrogen from the air, thus saving the farmer the expense of buying it.

Every farmer should know about the fertilizer, limestone, lime, etc., for which he spends his money, and the department of Agriculture is only too glad to help him and give him the information possible on these subjects. It cordially invites all the farmers who can to visit its booth and examine the exhibits closely, asking the chemists in charge all questions they may have about fertilizer, lime and soil improvement.

Senior Entertainment Prescribed.
A splendid entertainment class of the John Marshall High School were entertained yesterday afternoon at Ryd Ryd, the school, by the members of the class. This is the first affair of its kind ever held at the high school. The entertainment was given by Miss Van Vorst and Miss Sadie Fitzgerald. It was a great success, and an enjoyable time was had by all.

In the contest which were staged on the lawn, the juniors won the cup, hand some trophy, which will be placed in the library. After a number of games had been played, refreshments were served.

Edward Reed Bankrupt
A petition in voluntary bankruptcy was filed yesterday in the clerk's office of the United States District Court by Edward Reed. Liabilities are placed at \$27.50, while assets of \$466.75 are claimed.

Had Relatives in Richmond

First Lieut. Charles J. Hogan

Royal Northumberland Fusiliers, killed in action in recent engagements with the Germans. Lieutenant Hogan, whose name headed the death roll of honor in a recent issue of the London Times, was a nephew of Mrs. H. K. Franklin, of the Gresham Court, Richmond.

TWELVE GRADUATE NURSES ARE AWARDED DIPLOMAS

Commencement Exercises of St. Luke's Hospital Training School Held at Jefferson Hotel.

Twelve members of the twenty-fifth graduating class of St. Luke's Hospital Training School for Nurses were presented with their diplomas at the commencement exercises held last night in the Jefferson Hotel auditorium.

The feature of the occasion was an interesting address to the graduates by Judge George L. Christian. Judge Christian drew a striking comparison between the work of the nurses during the War Between the States, when they were called upon for Red Cross service, and that of the nurses of today. Dr. Stuart McGuire was also among the speakers and referred at length to the history of the training school. An address of much interest was made by Dr. W. Lowndes Peple.

The graduating class is composed of the following members: Miss Emily Hancock, of Georgia; Miss Sara Tilton, of Georgia; Miss Doretta Eldred, of Wisconsin; Miss Bruce Venable, of Virginia; Miss Pattle Evans, of Virginia; Miss Margaret Moore, of Georgia; Miss Virginia Compton, of Virginia; Miss Mabel Miller, of North Carolina; Miss Louise Reinhardt, of North Carolina; Miss Elsie Fort, of Texas; Miss Paul Gooding, of West Virginia; Miss Marie Pitner, of Georgia; Miss Mary L. Williams, of North Carolina. More than 300 persons were present at the exercises, which were concluded with a dance, participated in by the graduates and their friends.

ORGANIZING BRANCH OF ARMY AND NAVY UNION

United States Soldiers, Sailors and Marines Who Have Seen Active Service are Eligible.

William E. Critchfield, deputy, Army and Navy Union, is in the city, and is directing his efforts to the organization of a branch of the union here. The Army and Navy Union is composed of soldiers, sailors and marines in the active service of the United States, and all men who have received an honorable discharge from any of the United States military or naval service are eligible for membership.

A preliminary meeting will be held in the assembly hall of the Jefferson Hotel, Monday, Tuesday, October 6, and all persons who are eligible to membership are interested are requested to be present.

SUFFRAGE DELEGATES

Richmond League Elects Representatives to Suffrage League.

At a meeting of the Richmond Equal Suffrage League, held yesterday, the following delegates were elected to take part in the annual convention of the Equal Suffrage League of Virginia, which will be held in Norfolk, October 10-12. The delegates are: Mrs. H. A. Harding, Mrs. E. G. Hill, Mrs. George A. Burdette, Mrs. Sally Burdette, Mrs. E. C. Gentry, Miss Lucy Coleman, Mrs. G. Harvey Clarke, Mrs. Carl E. Bostrom, Mrs. Ernest C. Mead, Mrs. W. A. Vinson, Mrs. M. W. Mercer, Mrs. E. G. Kidd, Mrs. John S. Muncie, Mrs. A. O. Taylor, Mrs. C. V. Muncie, Mrs. B. Valentine, Mrs. Frank Duke, Mrs. W. H. Truitt, Mrs. Margaret Kuyk, Mrs. W. A. Vinson, Mrs. E. C. Gentry, Mrs. R. B. Fletcher, Mrs. Charles E. Friend, Mrs. E. R. Fuller, Mrs. R. K. Phillips, Mrs. M. J. H. Hubbard, Mrs. J. E. Cox, Mrs. J. H. Chamberlayne, Mrs. E. H. Meanley, Mrs. Benjamin H. Crum, Miss Louise Crum, Mrs. H. A. Sampson, Mrs. Thomas W. Murrell, Mrs. H. T. Meloyne, Mrs. Louise Tabb, Mrs. M. J. Brown, Mrs. Ernest E. Osgood, Mrs. D. Q. Browder, Miss Lillie Harbour, Mrs. D. M. Burgess, Mrs. A. Grace Smith, Mrs. Marie Leach, Mrs. W. E. Harris, Miss Alice Doolley, Miss Adelle Clark, Mrs. J. Tyler Johnson, Mrs. F. L. Johnson.

Charged With Shooting Son.
The trial of a woman charged with shooting her son, which was held yesterday by Judge C. R. Tiller, will be given by the jury at 10 o'clock this morning. The shooting occurred at the home of the woman, near Woodville, August 6. Enraged at his wife, he is said to have drawn his revolver and fired upon her. The woman was rescued from the scene by a neighbor. The man and his wife disappeared over some trivial matter.

Marriage Licenses.
Licenses were issued yesterday by Deputy Clerk Breeden, of the Hastings Court, to James K. Williams and Miss May Lewis; and Ralph Cole and Carrie Lea Toler.

Acute Articular Rheumatism

The exact cause of the rheumatism is unknown, though it is generally believed to be an excess of uric acid in the blood. It may be also said with equal truth that the remedy has been found which is a specific for the disease. This is the fact that rheumatism shows that there are but few drugs which have not been given a trial. In the hands of the observer we find that a certain drug has been used with the utmost satisfaction. Others have found the same remedy to be a great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultz expresses the opinion of thousands of practitioners who have used his Anti-Rheumatic Tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are not unsurpassed in headaches, neuritis and all pain. Ask for A. & B. Tablets.

POST-OFFICE RECEIPTS SHOW LARGE INCREASE

Gain of 20 Per Cent Made in Richmond During September. Total Reaching \$82,523.59.

DECREASE NOTED ELSEWHERE
Department Officials Surprised at Postmaster Thornton's Fine Record—Slight Slump in Figures of Custom-House for Last Month.

While most of the larger offices throughout the country have lately shown a decided slump in receipts, the Richmond post-office continues to show gains in its volume of business. According to figures announced yesterday by Postmaster Thornton, the receipts of his office for September aggregated \$82,523.59, as compared with \$68,406.64 for the same month last year, a gain of \$14,116.95, or an increase of 20 per cent.

"I am especially gratified with this showing," Mr. Thornton said. "Several days ago, when I was in Washington, officials at the department were much surprised when I told them that our business was steadily gaining. I was informed that practically all of the larger offices had shown decreases in their receipts since the beginning of the depression occasioned by the European war."

It was explained, however, that the large business of the Richmond post-office was due in a measure to the great quantity of campaign matter sent through the mails during September by the "sweet" and "salt" forces prior to the prohibition election, which was held on September 22. With the mail relief of this heavy burden, it is anticipated that there may be a slight falling off of the receipts for the current month.

The collections of the custom-house for September showed a slight decrease from those of the first time since Deputy Collector Gay Smith's resignation, which was held during the month. The total for the month had taken in \$86,225.15, against \$74,725 for the same month last year.

TOTALS FOR FIRST QUARTER SHOW 10 PER CENT INCREASE

While customs receipts show a slight falling off for the first time since the beginning of the European war, the local collections for the month of September swell the total for the first quarter of the fiscal year to \$281,082.45, an increase of nearly \$25,000 over the corresponding period of 1913.

Richmond is practically the only city in the United States, certainly of its size, that can boast of such an increase, which amounts to 10 per cent since the outbreak of European hostilities. Nearly every other port of consequence considered the percentage decrease does not pass that percentage mark.

During the three months last, Uncle Sam collected a total of \$251,082.45 from Richmond individuals and concerns on the local port, which was above the \$1,000,000 class this fiscal year, and has already exceeded the average, and is now entering upon the busiest season of the year. It is reported by Collector Smith that the business of the local bonded warehouses to guarantee that the next three months will equal the quarter just finished.

HELD FOR GRAND JURY

Negro Alleged to Have Stolen Suit Case Valued at \$112.

Charged with stealing a suit case and contents valued at \$112 from a Mrs. M. Thornton, of Edgewood, near Glinter Park, Benjamin Stevens was yesterday held for the grand jury and committed to the city jail by Judge C. R. Tiller. The man is also thought by Detective-Sergeants Krenkel and Atkinson to have been under suspicion of the theft of a suit case from a medical student, and he was placed under \$500 bond for twelve months on the charge of having been in the latter theft with Stevens.

Miss Thornton's suit case was stolen from the yard of her home, 1127 North Main Street, on the morning of September 28. Stevens and Moore were returned to the city about the middle of September. Stevens and Moore were formerly in the employ of the Richmond Transfer Company, and were familiar with the handling of baggage. Stevens claimed he found the suit case on the street after he had been traced through information secured from a woman with whom he was acquainted. Both it and its contents were recovered.

Twenty-Sixth Anniversary

Scores of friends and business men of the city yesterday called at Police headquarters to congratulate Chief of Police Werner on his twenty-sixth anniversary as a member of the local force. All extended him the best of wishes for the years to come.

CASE UP TO-DAY

Young Woman Charged With Theft and Passing Worthless Checks.

Lillian Henley, alias Ruth Freeman, California Ham, Whiteaker, the young woman arrested in North Carolina at the request of the local Police Department, is charged with passing a \$100 bill, valued at \$12.75 and \$2 in currency from the Richmond company and with passing a worthless check for \$10 on the American National Bank. The girl is said to have admitted passing the checks, but she denies having received the money. She was formerly a familiar figure on the busy streets of the city, having sold numerous packages of "peppermint" candy from a small stand.

AUDITOR MOORE REPORTS HEALTHY STATE BALANCE

Total in State Treasury During Year, \$8,250,024.09; Balance at Close, \$3,015,444.33.

An official statement showing the condition of the finances of the Commonwealth at the opening of the new fiscal year, which began with October 1, was forwarded yesterday by State Auditor C. Lee Moore to Governor Henry Stuart. Comparison with the estimate announced by the Auditor on the preceding day, when the accounts for the year had not been closed, shows that Mr. Moore's rough estimate was little more than \$1,000 away from what the taking of the final balances disclosed.

In his formal statement to the Governor, the State Auditor says: "By way of report that the balance in the treasury October 1, 1913, of special funds, was \$482,233.34. Receipts from all sources during fiscal year ended October 1, 1914, \$7,758,988.06; total, \$8,250,024.09. Disbursements during the fiscal year ended October 1, 1914, \$5,234,579.76; total, \$3,015,444.33. This balance includes the \$482,233.34 of the credit of the general fund to the credit of the Commonwealth, but the balance to the credit of special funds."

COMMITTEE WILL NOMINATE

Democratic Party Authorities to Choose Candidate to Succeed D. L. Toney.

The City Democratic Committee will be called by Chairman Price in the near future, to meet next Friday night for the purpose of selecting a nominee for the House of Delegates to succeed D. L. Toney, deceased.

Candidates for the office must qualify before October 14, and the election for the House of Delegates will be held on November 3, that being the date of the general election when the House of Delegates is elected. The committee will minimize the expense of a special election.

MURDERED IN NORFOLK

Dead Man Believed by Police to Be "Shorty" Green, of This City.

That the body of a man who was found murdered in Norfolk Tuesday night is none other than "Shorty" Green, the well-known gambler of this city and a familiar figure on Broad Street, is the belief of members of the local Police Department. Sergeant Bailey was yesterday seeking relatives of the man here, and succeeded in finding a half-brother, named Preston Walp, at 223 Wood Street, Catonsville.

Green was formerly a structural iron worker, and lost his limbs in an accident while working on a bridge. He had been selling pencils and shoe strings on the streets of this city. Several months ago he disappeared and was not heard from until the news of his murder reached the city. He had been seen under a number of times on various charges. Green, L. Andrews and John Evans are under arrest in Norfolk, suspected of being implicated in Green's murder.

KEEP LIVER AND BOWELS REGULAR WITH CASCARETS

No more Headache, Bad Colds, sour stomach and constipation.

Get a 10-cent box now.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness, flatulence, heartburn, etc., you will get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight, put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; clear your inside organs of all the bile, gas and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and when. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too—Advertisement.

BANKERS WILL ENGAGE IN GOLF TOURNAMENT

Hermitage and Country Clubs Extend Privileges to Delegates to Big Financial Convention.

OFFER CUPS TO WINNERS
Members of Local Committee Will Be on Hand at All Times to Furnish Information and Assist Each Visitor.

The Country Club of Virginia and the Hermitage Golf Club have extended the privileges of their clubhouses and golf courses to all delegates who will come to Richmond October 12-17 to attend the annual convention of the American Bankers' Association. It is likely that many of the visiting financiers will take advantage of the opportunities thus afforded for their pleasure and amusement during their stay in Richmond, and that golf will prove a popular diversion for them.

The Country Club of Virginia has an eighteen-hole course, and the Hermitage Golf Club has a nine-hole course. Arrangements have been made at both clubs for the golfers to leave their clubs and such other paraphernalia as they may have in lockers reserved for the purpose. Members of the convention committee will be on hand at all times to give out any desired information or to be of any possible assistance to visiting members of the association. Golf supplies can be obtained at either club.

THREE CUPS FOR WINNERS IN GOLF TOURNAMENT.

On Tuesday, October 13, an eighteen-hole, medal-play tournament will be played on the course of the Country Club, open only to visiting members of the association. Players will play on their own home club handicaps and will be divided into two classes, class "A" handicap of fifteen and under, class "B" handicap of sixteen and over. Three cups will be presented in each class for 1-st, 2nd and 3rd place. Entries will be received up until 1:30 o'clock on the afternoon of the tournament. Play will begin promptly at 10 o'clock in the morning, and, owing to the probable large number of entries, it is suggested that as many players as possible arrange to start early to avoid congestion at the course. While it will not be necessary to enter in advance, players are urged to be on hand at the club as early as possible on the day of the tournament.

The tournament will be conducted under the rules of the United States Golfers' Association and local ground rules. All disputed points in the game will be referred to professional referees. Information relative to golf will be given out at the convention information bureau. William H. Trigg is chairman of the golf committee.

"Better Acquaintance Social"
